

## Christmas Bakery – Heavenly baking enjoyment with Emsa

What would the Christmas season be like without the delicious fragrance of freshly baked cookies, sweet cinnamon and roasted almonds? Unthinkable! Baking with friends and family is once again a huge trend this year, plus it's simply a whole lot of fun. For the perfect preparation of the sweet goodies, Emsa's **Be Sweet** series offers many handy baking accessories.

The **Mix & Bake mixing jug** in the season's colours red and white is a measuring and mixing jug in one. Equipped with an integrated unbreakable scale, the jug has a non-slip gripping zone and a non-slip bottom. The material is scratch-resistant and particularly durable and is therefore ideal for the use of hand mixers.

For larger quantities of dough, make use of the **Mix & Bake mixing bowl**, which is also equipped with a non-slip bottom. Its non-slip gripping zone even provides a secure hold when tilted. In addition, the mixing bowl also convinces with its large opening and can hold up to three litres. Special feature: the lid can also be used as a dough scraper.

When you're done, the finished pies, cakes, cupcakes or cake pops can be safely transported with the **myBakery Plus Collapsible Partybutler**. The fresh treats are stored securely and thanks to the integrated cake stand, are also a true optical highlight on the Christmas table. Especially handy: the fold-away system provides for space savings of up to 50 percent in terms of storage.

**Product characteristics:**
