

Granite sets the tone inside and out: Casa Brilliant Granite

Granite is key: introducing the Casa Brilliant tubs and planters in an exciting new colour

Is there a shade that always works – inside and out, summer and winter? Yes, there is: granite! This colour is an absolute all-rounder in the world of design. Whether it's used to add a modern touch, create a simple industrial look or provide contrast to colourful decorative elements, the modest shade has a timeless elegance that which it the perfect complement for colours and styles in a whole host of combinations and styles. Casa Brilliant tubs and planters in elegant granite as well as white, black and ruby red are sure to make a lasting impression both in the garden and inside the home. And the plant pots not only impress with their elegant appearance, but also with their functionality: all models are equipped with the tried and tested Aqua Comfort watering system and water level indicator, creating the optimum conditions to ensure the perfect environment for roots. Four sizes are available in the round planter version of the Casa Brilliant; the tall planter is available in two sizes.
